PRIJEDOR

PREDUZEĆE ZA MONTAŽNO PROIZVODNE I USLUŽNE DJELATNOSTI
COMPANY FOR PRODUCTION, ERECTION AND SERVICE ACTIVITIES

Više od pola vijeka duga tradicija, bogata iskustva, snažan kadrovski potencijal i oprema čine nas jednom od vodećih firmi u oblasti proizvodnje i montaže čeličnih konstrukcija i razne opreme u našoj republici pa i šire. Počevši sa vršenjem usluga, usmjeravajući proizvodnu orijentaciju u oblast proizvodnje i montaže čeličnih konstrukcija, sve većim uključivanjem u proizvodnju razne opreme za industriju i poljoprivredu, razvijajući projektnu funkciju "Bosnamontaža" a.d. Prijedor je danas sposobna da tržištu nudi kompleksne usluge sistemom inženjeringa. Dostignut stepen razvoja, do sada ostvareni proizvodni rezultati, opremljenost, postojeći kadrovski potencijal, ulaganje značajnih sredstava u školovanje vlastitih kadrova te spremnost radnih ljudi da se i dalje angažuju na ostvarenju planskih zadataka garancija su daljnjeg uspješnog rasta i razvoja. Nalazimo se u Prijedoru koji je na sjeverozapadu Bosne i Hercegovine, udaljeni svega 30 km od autoputa Beograd – Zagreb. Pošto uz vlastiti krug prolazi industrijski kolosjek, imamo izuzetno povoljne uslove za, kako dopremu sirovina, tako i otpremu gotovih proizvoda. Sve gore navedeno je rezultiralo ovlaštenjima od Ministarstva energetike, Ministarstva građevine, kao i potrebnim TÜV licencama za bavljenje osnovnim djelatnostima.

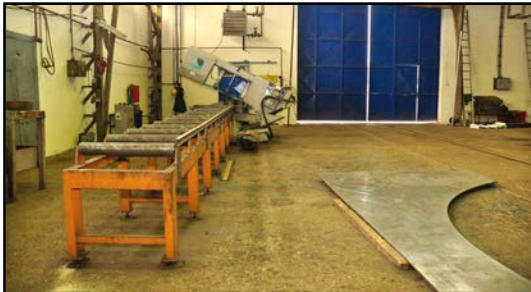

A tradition of more than half a century, rich experiences, competent and proficient personnel, coupled with modern equipment make this company one of the leading organizations in the area of manufacturing and erection of steel structures and installation of various equipment, in Bosnia and Herzegovina and region. The firm has been faced with many problems and difficulties on it's way of development. However, by relying on it's own potentials and capacities, it's succeeded to grow stronger from year to year, in profitable business and personnel structure.

We offer various services to market, manufacturing and erection of steel structures particularly designd for industry and agriculture; supporting these activities with a very competent design office. Thus we are able to offer very complex services on the system engineering bassis. Well-developed management system, production, results achieved up to now, labor and staff structure, investment of significant founds into vocation training of our personnel, as well as the resolution of our personnel to meet all planned production targets, are warranty of further successful development of our company.

We are located in Prijedor, in the northwestern part of Bosnia and Herzegovina, only 20 miles away from the Belgrade-Zagreb highway. Since there is a railway line in the immediate vicinity of the company's premises, there are exquisitely favorable conditions for the delivery of the raw materials and finished goods to and from the company. All of the above stated has resulted in being granted licenses by the Ministries of Energy and Civil Engineering and TÜV licenses for the performing of our primary activities.

Posjedujemo proizvodnu halu cca 3000 m² sa svom neophodnom opremom (makaze za lim, tračnu pilu, hidraulične prese, mašina za kružno savijanje lima, gasni i plazma rezači, apkant presa, bušilice, aparati za zavarivanje i dr.). Takođe imamo četiri mosna kрана nosivosti 10 tona.

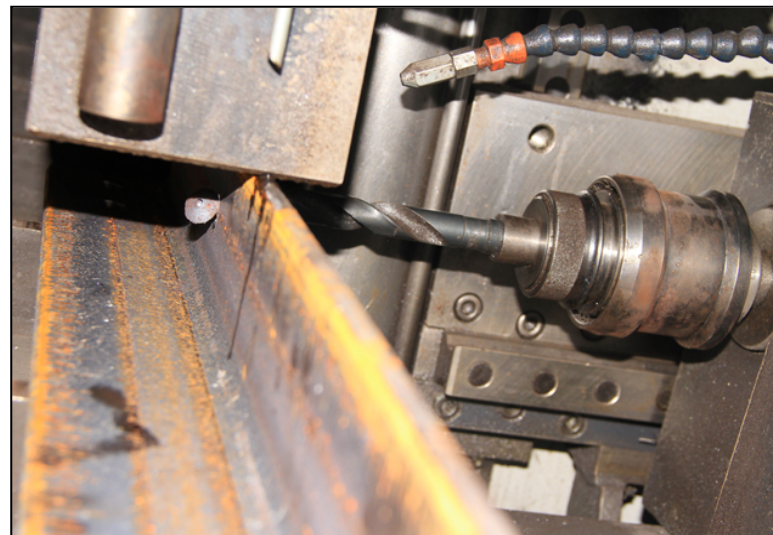

There is a production hall cca 3,000 sq.m fully equipped (shears for sheet metal, band saw blade, hydraulic press, sheet metal rolling machines, drilling machines, gas and plasma cutters, folding press, welding machines, etc). There are also four 10-ton-capacity bridge cranes.

CNC plazma rezačica sa izvorom plazme HPR 260XD, jedan plazma gorionik za obradu limova od 2 do 35mm i dva gasna gorionika za obradu limova od 2 do 200mm, dimenzije radnog stola 2x12m, sa pozicionerom za sječenje i obradom (krojenjem) cijevi.

CNC plasma cutting machine with plasma source HPR 260XD, plasma torch for processing sheets from 2 to 35mm and two gas burners for processing sheets from 2 to 200mm, the dimensions of the worktable 2x12m, with the positioner for cutting and processing tubes.

FICEP - VICTORY 11 (1101 DX) - automatska CNC mašina za bušenja profila.

FICEP - VICTORY 11 (1101 DX) - Automatic CNC Drilling Machine.

PJESKARENJE, SAČMARENJE, AKZ

Za pripremu površina za farbanje posjedujemo sačmaru.

SAND BLASTING, SHOT BLASTING, ANTI CORROSIVE PROTECTION

For the preparation of surfaces for painting we use our own shot blasting machine.

PROIZVODNJA I MONTAŽA ČELIČNIH KONSTRUKCIJA

Osnovna proizvodna orijentacija je usmjerena na proizvodnju čeličnih konstrukcija od valjanih i limenih profila i cijevi, te izradu opreme i dijelova opreme za industriju i druge namjene.

Oprema za obradu lima i profila te za zavarivanje i kontrolu u zavarivanju omogućuju produktivnu i kvalitetnu proizvodnju.

MANUFACTURING AND ERECTION OF STEEL STRUCTURES

Basic manufacturing policy of our company is directed to the manufacturing of steel structures made of steel profiles and pipes, and the production of industrial equipment and components, and other.

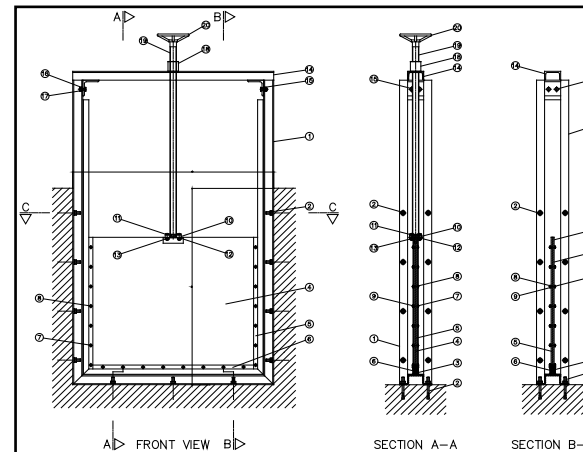

Modern equipment for the processing and shaping of the sheet metal and steel profiles, a welding plant with precise quality control enable us to reach a high production rate and excellent quality products.

Hladno oblikovanje limova, izrada opreme i dijelova opreme: čeličnih silosa, posuda pod pritiskom, spremnika, ciklona, postrojenja za otprašivanje i sl. Izrada čeličnih konstrukcija raznih namjena.

Cold forming of sheet metal, manufacture of equipment and components: steel silos, pressurized vessels, containers and tanks, cyclones, dedusting plants and similar. Manufacturing of steel structures of various designs and purposes.

Tablasti zatvarači/Slide gate

Izmjenjivač/exchanger

ZAVARIVANJE

Zavarivanje ručno i poluautomatsko; REL, MIG, MAG, TIG, plinsko.

Radiografska i ultrazvučna kontrola zavarenih spojeva, radionička i na terenu pokretnim laboratorijama, te kontrola nepropusnosti vakuumom i tekućim penetrantima.

Obuka zavarivača u vlastitom kabinetu.

WELDING

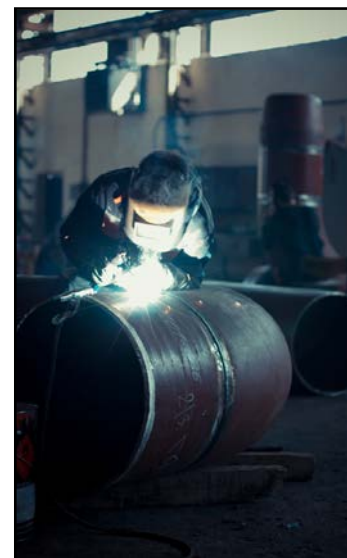

The most modern welding methods in the following manner and with the following equipment: arc welding, MIG, MAG, TIG, gas welding.

Radiographic inspection and ultra sonic testing of welded seams in a workshop and mobile field laboratories, testing for impermeability with vacuum and liquid penetrating agents.

Training of new welders in our own training workshop.

PREFABRIKACIJA CJEVOVODA

PREFABRICATION OF PIPELINES

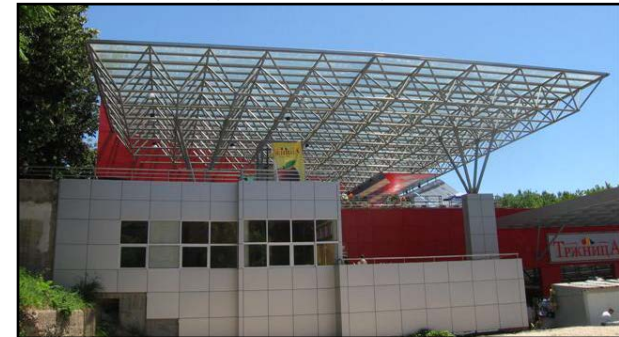

ČELIČNA KONSTRUKCIJA

Izgradnja industrijskih, sportskih, školskih, energetskih i drugih objekata sistemom "ključ u ruke". Čelične konstrukcije proizvodnih objekata, sportskih hala, servisnih radionica, skladišnih prostora, objekata prehrambene industrije i drugih objekata predstavljaju kako u proizvodnoj tako i u montažnoj djelatnosti, najširu i najraznovrsniju aktivnost. Čelične konstrukcije cijevnih mostova, dimnjaka, mostova, benzinskih stanica i sl.

Šećerana "Brčko", BiH /sugar factory "Brčko", Bosnia and Herzegovina (2007.)

Gradska tržnica/ City Market "Banja Luka", BiH (2006.)

Hala/hall "Umag", Hrvatska/Croatia (2006.)

STEEL STRUCTURES

We also make industrial steel structures, sport halls, schools and other buildings and facilities on the turnkey basis. The production of steel structures for manufacturing plants, sport halls, repair & maintenance workshops, storage and warehouses, facilities of food industry and other facilities represent our company's most common and most versatile activity, both in the production, assembly and erection aspect. Steel structures for supporting bridges for pipes and pipelines, chimneys, bridges, gas stations, etc.

MONTAŽA TEHNOLOŠKE OPREME

U okviru montažne djelatnosti pored montaže čeličnih konstrukcija uspješno i dugi niz godina se bavi i montažom tehnološke opreme u industriji i montažom opreme u prehrambenoj industriji, nudeći pritom tržištu kompletne usluge montaže.

ERECTION AND INSTALLATION OF INDUSTRIAL EQUIPMENT

In addition to its activities in erection and installation of steel structures, our company has been successfully active, for many years now, in the erection and installation of the technological industrial equipment and in the erection and installation of equipment in food industry, offering the overall erection services to the market.

Tehnološka oprema za otprašivanje u industriji: filteri i cikloni u industriji cementa i livnicama, elektrofilteri za otprašivanje rude u sušarama.

Cementara "LA FARGE" Beočin, Srbija (Demontaža, izrada i montaža rashladnog tornja 2011.)

Cement plant "LA FARGE" Beočin, Serbia (Dismantling, manufacturing and assembling of cooling tower 2011.)

The technological industrial equipment for dust extraction: filters and cyclones in the cement industry and foundries, electrical filters for dust extraction from the ore in drying plants.

Rezervoari, cijevni mostovi i cjevovodi nakon izvršene izrade i montaže.

Šećerana "Donji Srem" Pećinci, Srbija - rezervoar 12000 m³ (2010.)

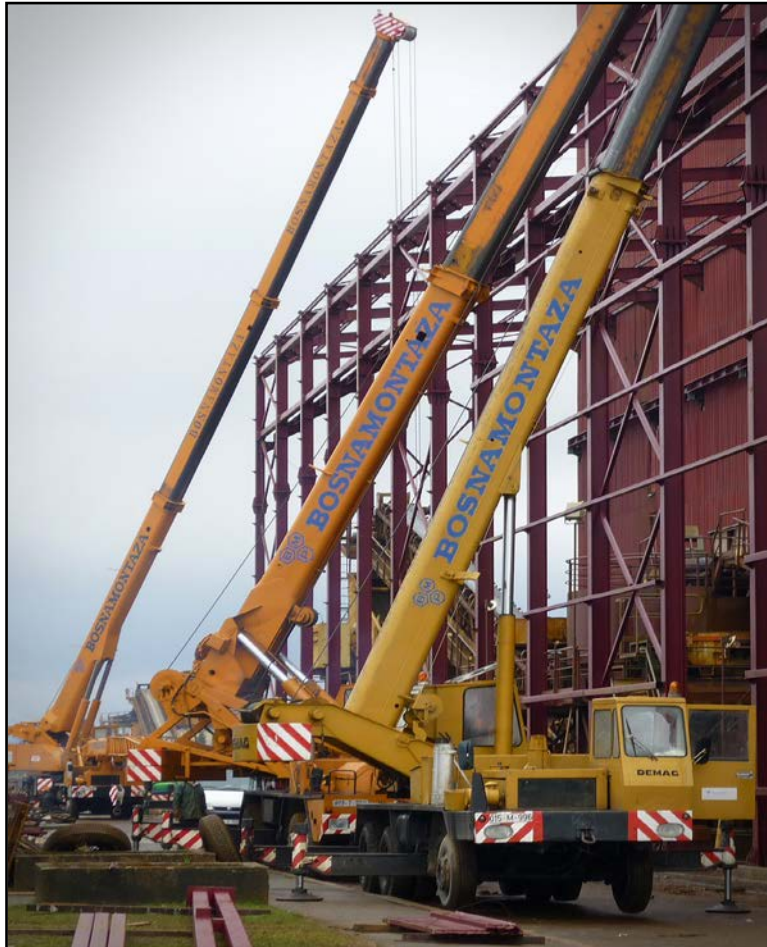

Sugar factory "Donji Srem" Pećinci, Serbia - tank 12000 m³ (2010.)

Storage tanks, supporting bridges for pipes and pipelines, manufacturing and erection.

TRANSPORT I MEHANIZACIJA

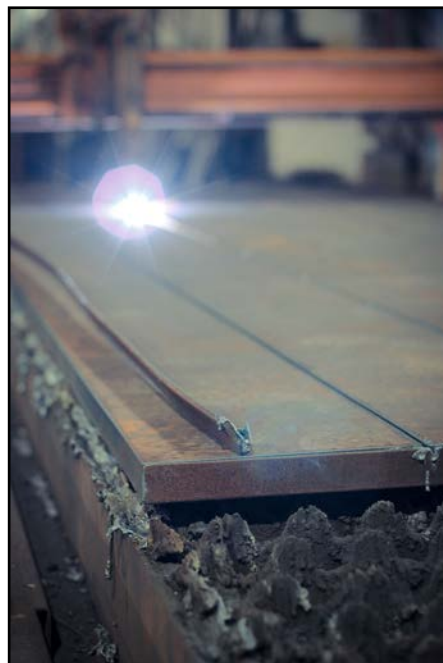

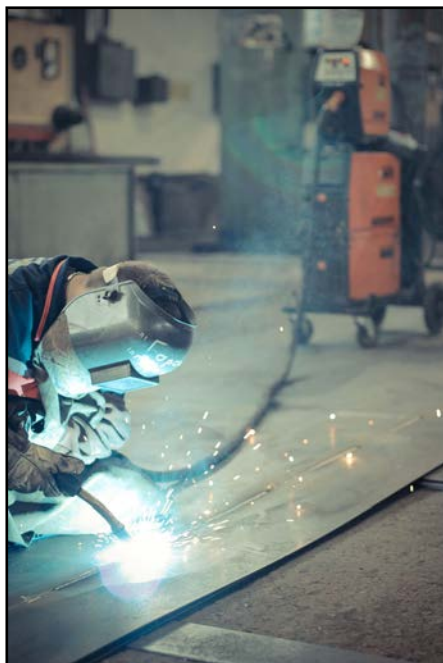

Sredstva za interni transport, za specijalne transporte i sredstva za dizanje (auto dizalice) svojom količinom i kapacitetom omogućuju razvoj montažne djelatnosti.

TRANSPORT AND MECHANISATION

Indoor material handling vehicles and equipment and vehicles for special transport and lifting (mobile cranes) by their quantity and capacities are providing the growth and development of erection and installation activity.

REFERENS LISTA VAŽNIJIH POSLOVA OD 2004. GODINE

U proteklih 50 godina, koliko dugo postojimo, uradili smo mnoge projekate i sakupili veoma zavidne referenc liste. Prikazaćemo samo dio projekata iz poslednjih nekoliko godina.

REDUCED REFERENCE LIST (activities since 2004)

During the last 50 years of our existence we have conducted numerous projects and co-operated with some of the most renowned clients. The table below shows only some of the projects we have conducted recently.

2004	
	Opis
	Izrada i montaža konstrukcije, Hrvatska Upravu za ceste, Hrvatska
	Remont kotlovskeg postrojenja, gradska toplana Novi Sad, Srbija
	Remont postrojenja i opreme, TE Ugljevik i TE Gacko, BiH
	Description
	Manufacturing and erection of steel structure, Croatian Roads, Croatia
	Maintenance of reservoir equipment, Heating Plant Novi Sad, Serbia
	Maintainance of reservoir equipment and maintenance of machinery, Thermal Power Plant "Ugljevik", Thermal Power Plant "Gacko" Bosnia and Herzegovina
2005	
	Opis
	Izrada i montaža cjevovoda i opreme, pivara "MB-Rodić" Novi Sad, Srbija
	Izrada čelične konstrukcije, "Hofer" Velenje, Slovenija
	Izrada i montaža tržnog centra u Gradišci, "Centrum trade" Zalužani, BiH
	Remont postrojenja i opreme, TE Ugljevik i TE Gacko, BiH
	Description
	Manufacturing of piping and new technological equipment, Brewery "MB Rodić" Novi Sad, Serbia
	Manufacturing of steel structure, "Hofer" Velenje, Slovenia
	Manufacturing and erection of steel structure, "Centrum trade" Zalužani Banja Luka, Bosnia and Herzegovina
	Maintainance of reservoir equipment and maintenance of machinery, Thermal Power Plant "Ugljevik", Thermal Power Plant "Gacko" Bosnia and Herzegovina

2006	
	Opis
	Izrada i montaža konstrukcije gradske tržnice u Banjaluci, BiH
	Izrada i montaža sportske dvorane u Umagu, Hrvatska
	Remont BTO-sistema, "Arcelor Mittal" Prijedor, BiH
	Izrada i montaža konstrukcije, "Elgrad" Lekenik, Hrvatska
	Remont i montaža opreme, šećerana Senta, Srbija
	Remont postrojenja, TE "Ugljevik", TE "Gacko" i TE "Kostolac", BiH/Srbija
	Description
	Manufacturing and erection of steel structure, City Market Banja Luka, Bosnia and Herzegovina
	Manufacturing and erection of steel structure for sport hall, Umag, Croatia
	Overhaul of mining and conveyor system, "Arcelor Mittal" Prijedor, Bosnia and Herzegovina
	Manufacturing and erection of steel structure "Elgrad", Lekenik, Croatia
	Overhaul and equipment installation, Sugar Refinery "Senta", Serbia
	Overhaul, Thermal Power Plant s "Ugljevik", "Gacko", Bosnia and Herzegovina and Thermal Power Plant "Kostolac", Serbia
2007	
	Opis
	Izrada i montaža kompletne čelične konstrukcije u šećerani u Brčkom, BiH
	Izrada i montaža postrojenja za prečišćavanje otpadnih voda, fabrika viskoze "Natron-Hayat" Maglaj, BiH
	Remont i montaža postrojenja i opreme, šećerana "TE-TO" Senta, Srbija
	Remont i montaža postrojenja i opreme, šećerana "Žabalj" i "Pećinci", Srbija
	Remont opreme i postrojenja, TE "Ugljevik", TE "Gacko", TE "Obrenovac", BiH/Srbija
	Description
	Manufacturing and erection of steel structure, Sugar Refinery Brčko, Bosnia and Herzegovina
	Works on vacuum machine B4, replacing pipelines, bypass, reconstruction of Putsch filters, "Natron Hayat", Maglaj, Bosnia and Herzegovina
	Maintenance of existing and erection of new equipment, Sugar Refinery "TE-TO" Senta, Serbia
	Maintenance of existing and assembling of new equipment, Sugar Refineries "Zabalj" and "Pecinci", Serbia
	Maintenance of reservoir equipment and maintenance of machinery, Thermal Power Plants "Ugljevik", "Gacko", BiH and Thermal Power Plant "Obrenovac", Serbia

2008	
	Opis
	Remont opreme na kotlovnici u "Mittal Steel" Zenica, BiH
	Remont i montaža postrojenja i opreme u šećerani "TE-TO" Senta, Srbija
	Izrada i montaža gradske tržnice u Istočnom Sarajevu, BiH
	Remont postrojenja u TE "Ugljevik", BiH
	Remont postrojenja u TE "Pljevlja", Crna Gora
	Montaža opreme u rafineriji "Ingolstadt", Njemačka
	Description
	Maintenance of existing and erection of new equipment "Mittal Steel" Zenica, Bosnia and Herzegovina
	Maintenance of existing and erection of new equipment, Sugar Refinery "TE-TO" Senta, Serbia
	Manufacturing and erection of steel structure, City Market, East Sarajevo, Bosnia and Herzegovina
	Maintenance of reservoir equipment and maintenance of machinery Thermal Power Plant "Ugljevik", Bosnia and Herzegovina
	Manufacturing equipment and erection of electrofilters plant, Thermal Power Plant "Pljevlja", Montenegro
	Erection of new equipment, Oil Refinery in "Ingolstadt", Germany
2009	
	Opis
	Montaža mlinova, TE "Tuzla", BiH
	Izrada stubova i ograde, "Kozaraputevi" Banja Luka, BiH
	Remont stare i montaža nove tehnološke opreme, remont i montaža novih cjevovoda i armatura, izrada i montaža čelične konstrukcije, šećerana "TE-TO" Senta, Srbija
	Nabavka materijala, AKZ, izrada i montaža nadstrešnice, "Vodovod" Prijedor, BiH
	Remont, montaža elektro filtera i dimnovodnih kanala, podkonstrukcije i stepeništa, podesti i ograde, izolacija elektrofiltera i izrada oplata za elektrofiltere, TE "Pljevlja", Crna Gora
	Remont termoelektrane, TE "Ugljevik", BiH
	Izrada prikolica, "Anvanpa Engineering" Brummen, Holandija
	Remontni radovi, TE "Gacko", BiH
	Izrada bunkera, ulaznih i izlaznih kanala, izrada platformi, stepenica i penjalica na elektrofilteru, TE "Kakanj", BiH
	Zamjena cjevnog sistema kotla i izrada dimnjaka, Rafinerija nafte "Bosanski Brod", BiH
	Izrada i montaža čelične konstrukcije hale za drobilicu, "Arcelor Mittal" Prijedor, BiH
	Description
	Installation of the mills, Thermal Power Plant "Tuzla", Bosnia and Herzegovina
	Manufacturing pillar and fences, "Kozaraputevi" Banja Luka, Bosnia and Herzegovina

	Godišnje održavanje, demontaža, montaža i remont opreme, cjevovoda i armatura, šećerana "TE-TO" Senta, Srbija
	Izrada i montaža čelične konstrukcije etažerke, rafinerija nafte "Bosanski Brod", BiH
	Čelična konstrukcija za "TGP Gradnje" Metlika, Slovenija (rafinerija nafte "Bosanski Brod"), BiH
	Description
	Manufacturing and erection of tank (approx 330 t) 12000m ³ - Sugar Refinery "Donji Srem" Pećinci, Serbia
	Superheaters carrier overhaul on boiler, Thermal Power Plant "Ugljevik", Bosnia and Herzegovina
	Superheaters carrier overhaul on boiler, Thermal Power Plant "Gacko", Bosnia and Herzegovina
	Manufacturing and erection of two tanks 350 m ³ , Edible Oil Refinery "Bimal" Brčko, Bosnia and Herzegovina
	Erection of equipment and pipelines, Sugar Refineries: "Vrbas", "Žabalj", "Pećinci", "Crvenka", "Senta", Serbia
	Erection of pipelines section 37, Oil Refinery "Bosanski Brod", Bosnia and Herzegovina
	Manufacturing of steel structure for electro filters, "Tegus" Zagreb, Croatia
	Execution of repair works, sections 31, 32, 37, Oil Refinery "Bosanski Brod", Bosnia and Herzegovina
	Manufacturing and erection of steel structure for bridge technological pipelines and power cables, Oil Refinery "Bosanski Brod", Bosnia and Herzegovina
	Manufacturing and erection of steel structure, roofing, civil works, sheet metal and electrical works on industrial hall, "Arcelor Mittal" Prijedor, Iron Ore Mine Omarska, Bosnia
	Annual maintenance, dismantling, installation and repair of equipment, piping and armature, Sugar Refinery "TE-TO" Senta, Serbia
	Manufacturing and erection of steel structure gas processing plants in Oil Refinery "Bosanski Brod", Bosnia and Herzegovina
	Manufacturing and erection of steel structure, for "TGP Gradnje" Metlika, Slovenia (in Oil Refinery "Bosanski Brod"), BiH

2011	
	Opis
	Montaža uređaja i čelične konstrukcije za a.d. šećerana "TE-TO" Senta, Srbija
	Demontaža kotlovnice (2x55t/h) u Požarevcu i montaža u šećerani "Kovačica", Srbija
	Izrada gorionika za "Enikon Mont" Zvornik (za TE "Ugljevik"), BiH
	Demontaža postojećeg, izrada i montaža novog rashladnog tornja, fabrika cementa "La Farge" Beočin, Srbija
	Zamjena stojki i interventna grupa, TE "Gacko", BiH
	Separator za kamenolome, "Ventus" Zagreb, Hrvatska
	Izrada konstrukcije i dijela opreme kao i montaža cjevovoda i opreme na postrojenju za izdvajanje benzena iz plaformata sekcije 04B, rafinerija nafte "Bosanski Brod", BiH
	Remont u livaonica željeza i radovi na remontu autoklava i drugoj opremi, željezara "Arcelor Mittal" Zenica, BiH
	Demontaža kotlovnice (1x55t/h) u Kotor Varoši i montaža u šećerani "Pećinci", Srbija
	Description
	Erection of equipment and steel structures, Sugar Refinery "TE-TO" Senta, Serbia
	Dismantling of the boiler room (2x55t/h) in Požarevac and erection in Sugar Refinery "Kovačica", Serbia
	Making burners for "Enikon Mont" Zvornik (for thermal power plant "Ugljevik"), Bosnia and Herzegovina
	Dismantling of existing, manufacture and erection of new cooling tower at the cement plant "La Farge" Beočin, Serbia
	Replacement of economizer tube support and intervention group, Termal Power Plant "Gacko", Bosnia and Herzegovina
	Separator for quarries, "Ventus" Zagreb, Croatia
	Manufacturing structures and parts of equipment, erection of piping and equipment for gas processing plant - section 04B, Oil Refinery "Bosanski Brod", Bosnia and Herzegovina
	Repair of the iron foundries and works on repair of autoclaves and other equipment in the Steel Factory, "Arcelor Mittal" Zenica, Bosnia and Herzegovina
	Dismantling of the boiler room (1x55t/h) in Kotor Varos and erection in Sugar Refinery "Pećinci", Serbia

2012	
	Opis
	Rafinerija nafte "Brod" - montaža cjevovoda - projekt "Luel"
	Rafinerija nafte "Brod" - Montaža rashodomjera sekcije 04B
	"PMP Jelšingrad" – Izrada čeličnih pozicija
	"TE-TO Senta" Srbija - remont i održavanje
	Rafinerija nafte "Brod" - remot
	Rafinerija nafte "Brod" - izrada i montaža cjevnog mosta sekcije 01 - prenos komunikacija sekcije 01
	"TE Ugljevik" - remont
	"SUNOKO" d.o.o. Novi Sad - proizvodni centar Vrbas - montaža cjevovoda i čelične konstrukcije
	"JP Elektroprivreda BiH" Sarajevo - zamjena cijevnih registara NTZ-4, bloka 6 sa zamjenom mesinganih i čeličnih cijevi
	"Arcelor Mittal" Prijedor - izrada prenosnog koša
	Šećerana "Šajkaška" Žabalj - Izrada i montaža perača CO2 gasa
	"EPS - Trebinje - RiTE Gacko" - Sanacija NTZ-4 i PS-115
	"VH-Montenegro" d.o.o. Nikšić Crna Gora - izrada i montaža čelične konstrukcije za halu
	"Venteh" d.o.o. Krško Slovenija - Izrada čelične konstrukcije elektrofiltera
	Description
	Erection of pipelines, "Luel" project in Oil Refinery "Brod", Bosnia and Herzegovina
	Oil flow meter assembling of section 04B in Oil Refinery "Brod", Bosnia and Herzegovina
	Production of steel positions for "PMP Jelšingrad", Bosnia and Herzegovina
	Overhaul in Sugar Refinery "TE-TO Senta", Serbia
	Overhaul in Oil Refinery "Brod", Bosnia and Herzegovina
	Manufacturing and erection of the pipe bridge section 01 - communications transfer of section 01, Oil Refinery "Brod", Bosnia and Herzegovina
	Overhaul in Thermal Power plant "TE Ugljevik", Bosnia and Herzegovina
	Erection of pipelines and steel structure in "SUNOKO" Ltd. manufacturing center Vrbas, Novi Sad, Serbia
	Replacement pipe registers NTZ-4, block 6 with replacement brass and steel pipes in "JP Elektroprivreda BiH" Sarajevo, Bosnia and Herzegovina
	Manufacturing of portable cage in "Arcelor Mittal", Prijedor, Bosnia and Herzegovina
	Manufacturing and erection of CO ₂ gas washer in Sugar Refinery "Šajkaška" Žabalj, Serbia
	Repair works on heat exchangers NTZ-4 i PS-115, "EPS - Trebinje - RiTE Gacko", Bosnia and Herzegovina
	Manufacturing and erection of steel structure for the hall, "VH-Montenegro" Nikšić, Monte Negro
	Manufacturing steel structure for electro filters for "Venteh" Krško, Slovenia

2013	
	Opis
	Izrada, AKZ-a i montaža metalnih konstrukcija cijevnog mosta za tehnološke cjevovode, montaža opreme i tehnoloških cjevovoda na Komunikacijama između fabričkih pogona (Naslov 100-08) i Rezervoarima baznih ulja (Naslov 100-02) po projektu "Novi kompleks za sjedinjavanje ulja za podmazivanje" u Rafineriji ulja – Modriča
	Godišnji remont i održavanje postrojenja fabrika šećera TE-TO Senta
	Izrada i montaža rezervoara za melasu V=12000 m ³ u šećerani Sunoko – Pećinci
	Remontni radovi na termoelektrani Gacko
	Demontaža u Zrenjaninu, transport i montaža u Pećincima silosa V=45000m ³ za šećer u šećerani Sunoko, Pećinci, Srbija
	Isporuka i ugradnja sistema otprašivanja na Tercijalnom postrojenju rudnika Arcelor Mittal Omarska, Prijedor
	TE Stanari – Montaža rezervoara za sirovu vodu 5000m ³ ,
	Description
	Manufacturing, anticorrosive protection and erection of steel structure for bridge for technological pipelines, erection of equipment and technological pipelines of communication between the factory unit (Title 100-08) and reservoir of base oils (Title 100-02) by project "The new complex for the compounding of oil for lubrication" in Oil Refinery "Brod", Bosnia and Herzegovina
	Annual overhaul and maintenance, Sugar Refinery "TE-TO" Senta, Serbia
	Manufacturing and erection of tanks for sugar molasses, V=12000 m ³ in Sugar Refinery "SUNOKO" Pećinci, Serbia
	Overhauling works, Thermal Power Plant Gacko Bosnia and Herzegovina
	Dismantling sugar silo V=45000m ³ in Zrenjanin, transportation and installation in Sugar Refinery "SUNOKO" Pecinci, Serbia
	Delivery and installation of dedusting system for Tertiary plant of Iron Ore Mine Arcelor Mittal Omarska, Prijedor
	Erection of raw water tank 5000m ³ in Thermal Power Plant Stanari, Bosnia and Herzegovina

2014	
	Izrada i montaža čelične konstrukcije postrojenja filter prese GMS-a i montaža opreme filter prese u rudniku Arcelor Mittal Omarska
	Ugradnja dvostepene EMS za tretman dijela pijeska klasifikatora u rudniku Arcelor Mittal Omarska
	Izrada i montaža čelične konstrukcije za realizaciju projekta izrade cevastog transporter – SSW faza 2, fabrika cementa "La Farge BFC" Beočin, Srbija
	Izrada i montaža novog postrojenja za otprašivanje na novoj EPP peći (kanali, klapne, vrećasti filteri, sistem transporta prašine, silosi, ventilatori i pripadajuće servisne platforme) u tvornici RS-Silicon, Mrkonjić Grad
	Instalacija 36MVA peći za silicijummetal, svih komponenata za montažu, montaža čelične konstrukcije peći, istovar sve opreme, komponenata i materijala, logističko upravljanje svom opremom, komponentama i materijalom u tvornici RS-Silicon, Mrkonjić Grad
